

Home Access Plus (HAP) Policy

Our Vision

Buttercup Primary School embraces the positive impact and educational benefits that can be achieved through appropriate use of the Internet and associated communications technologies. We are also aware that inappropriate or misguided use can expose both adults and young people to unacceptable risks and dangers. To that end, Buttercup Primary School aims to provide a safe and secure environment which not only protects all people on the premises but also educates them on how to stay safe in the wider world.
