

# Reception Maths

**Week 1: 05.01.21- 08.01.21**

Dear Parents/Carers,

You will find a whole week worth of maths lessons for your child to do whilst their at home. Watch the following videos with your child each day. Any work which your child has to do please ensure they do this in their homework books.

The first few days will be a recap for your child so please do not worry if you feel your child already knows their numbers, this is just to make sure they haven't forgotten and know their numbers for when they come back to school.
